Friesian only R2yr Bull 110 - 150kg \$2.06 N/A	Traditional R2yr Steer 375 - 425kg \$2.28 FIRMER	Traditional Wnr Steer 110 - 150kg \$2.53 BACK	Traditional Wnr Heifer 230 - 270kg \$1.94 STEADY	Traditional Wnr Heifer 190 - 230kg \$1.99 EASED
---	---	--	---	--

It was another mainly good selling day at the Temuka store cattle sale on Friday despite grass growth slowing around the region. The buying gallery wasn't particularly big however those that attended meant business with competitive bidding throughout the day. The R2yr steers sold exceptionally well with only a few lines making under \$2/kg with 375 - 425kg traditional steers firming on the last sale before Easter. Even the heifers at this age were making good money with one line of 10 Herex making \$2.16/kg. In fact, there were a large number of lines of Herex heifers which made in excess of \$2/kg, as they proved a popular choice with the bench. The whole sale wasn't a total success however, as prices for the lighter, longer

(cont) term cattle did drop away as buyers are mindful of the approaching winter season. Weaner cattle returned mixed results with 110 - 150kg traditional steers back to \$2.53/kg while 190 - 230kg traditional heifers eased slightly to finish under \$2/kg.
